REPUBLICAN IN POLITICS.  
B. E. LUSK, PUBLISHER.  
Terms for the HERALD are as follows:  
For one year.....\$1.00  
Six months......50  
Three months......30  
Entered at the post office at Jackson, Mo., as second-class matter November 4, 1907.  
OFFICE: 118  
RESIDENCE: 112  
JACKSON, MO., JULY 25, 1901.

THOROUGH organization is the key note for the republicans for the campaign of 1902.

CAN we get up enough public spirit in Jackson to put a good artesian well on the public square?

THERE never was a time when the republican party was better prepared for harmonious action than now.

ON the 10th of August Missouri will be 80 years old. Her 80th birthday will be celebrated at Kansas City.

THE drought here still continues, but we notice that in Northwest and Southeast Missouri it has been broken by plenty of rainfall.

THE excessive heat of the past few days has caused many deaths by sunstroke in our large cities. Fifteen persons died of sunstroke in thirty six hours.

THE Vandiver-democrats are trying to run Joe Russell out of the party because of his position on silver, but they need not bother themselves about that for Vandiver says now that silver is not the whole thing, and that he is ready to be a 16 to 1 democrat or goldbug just so he is sent to congress.

MISS West-Jackson-De Lor sakes, old Mrs. Jackson, why don't you clean up, speckle de outskirts? I've done gone an' cleaned up.

OLD Mrs. Jackson-Is dat so? Well, now, I jus' tells yo', honey, our editor man done spile it all. Yo' can't tell whedder he is sayin' what he means or whedder he is sayin' what he don't mean, fo' he says dem hot de same way. Reckon dat de reason.

A GREAT many of our citizens said that they would have voted for the bond issue if it had been for more money. We suggest that just as soon as the law permits that our aldermen order another election to bond the town for \$20,000, the limit of the law, to fix up streets, and in the meantime let us order an election for water works. A whole field full of those opposing the bond issue have stated that they would vote for the \$6,000 if it was for water works or an artesian well. Give them and the rest of us who are in favor of anything that will improve the town an opportunity to vote right now before the drought breaks.

Order of Publication.  
In the Circuit Court of Cape Girardeau County, State of Missouri, in Vacation, Monday, July 8, 1901.

A true copy from the record.  
In Testimony Whereof, I have hereunto set my hand and affixed the seal of said Court, done at my office in the City of Jackson, in said County, this 8th day of July, A. D. 1901.

## County Correspondence.

### RANDLES.

July 22.—Miss Zora Conner has returned home from Alton, Ill., where she has spent several weeks with friends. She reports a dull time.

Mrs. Wm. Groseclose is quite sick this week.  
Johnnie Groseclose has just recovered from a severe attack of pneumonia.

Miss Nora Williams left Tuesday for Gibson county, Ind. to spend a few days with friends and relatives.

We have a new doctor with us at Randles. Dr. Cothan, of Advance, says he has come to stay if there is sickness enough to keep a doctor from starving to death.

There were several wrecks on the Cotton Belt railroad at Delta Friday. The north bound freight train ran into the caboose of another train on a curve, and set fire to the caboose of the other train.

Mr. Ruben Pool contemplates taking charge of the store and post office here at this place this week.

J. M. Houbler has moved to a new log job four miles south of town to drive cattle at \$2 per day.

Wm. Randles contemplates building hay this week.

July 15.—Weather still hot and dry and no rain.

Hay harvest is in progress.

Wm. Conner, one of our best citizens, has gone to Bell City, where he is employed as telegraph operator.

Milo S. Barger has returned from Butler county, where he has been engaged in selling fruit. He reports crops suffering from drought in that section.

Geo. W. Bean, of Union county, Ill., is spending a few days with James Wilkins and investigating the country. He thinks he will move over with us.

Rev. E. W. Gammill and his brother, Lee Gammill, spent Sunday with friends at Advance. W. H. Groseclose is repairing the bridge that crosses White-water creek.

James Murry and Jesse Miller, of Toga, are working for Wash. Reams this week. RAMBLER.

### KURREVILLE.

July 23.—We are still needing rain and poor prospects for any. There will be English services the last Sunday of every month in the German Lutheran church at Kurreville. Services will begin at 9:30 a. m.

It is going to be a big white-headed corn crop raised this season in Cape county. Some talking of cutting their corn already.

August Leine, the blacksmith at this place, has invented a machine to enable babies to walk at a very young age. He will supply you if you need one. He also has a patent on a grindstone that runs with a bicycle gearing.

Bill Leine has bought a lot of ducks and is going into the duck-raising business; but we are afraid the creek is going dry and then Bill will have bad luck with his ducks.

There will be a picnic one and a half miles from Kurreville on the Farmington road the 3rd of August. A ball game between Kurreville and Sedgewickville at 1:30 p. m. will be one of the features. Everybody come and enjoy yourselves. Committee, George Haupt, Dan Statler and Jacob Moore.

### DERAY.

The weather is still very warm and dry. Health is very good here.

There was prayer meeting at the Baptist church Sunday. Born, to Mr. and Mrs. Allen Iklerman, a big boy.

Mrs. J. F. Boren has just returned from Illinois where she was called by the death of her mother.

Mrs. D. F. Gibler is up from Williamsville visiting friends this week.

The boys at Hunter's mill went up to Alleenville Saturday and got on a whize. That is, they went whizing by Deray. Look out, boys, a wheel will run off some of these days and down will come your meat house.

Call on C. S. Morrison for whip cracker corn. He has about half an acre of the prettiest corn you ever saw.

I understand that the post

master general has designated the post office into a money order office at Deray. That's good, but I pity the poor post master. You can't get all the cold drinks you want at Tom Hunt's. He goes by the name of Deray Tom Hunt.

Morrison can stand flat-footed and rub the top of his head.

### BLUE JOHN.

#### GORDONVILLE.

July 18.—Rain is needed. Everything is drying up, fruit, vegetables, corn are about all played out for want of rain. Blackberries almost a failure, some few coming in from the swamps where they had a rain on the 4th of July.

The blacksmiths are reaping a harvest this hot, dry weather resetting wagon and buggy tires.

The Never Dies played a return game of ball with the lower church nine, playing five innings, score 9 to 0 in favor of Never Dies. The feature of the game was the pitching of our Willie, Charleston claims to have the best team in southeast Missouri, have not lost a game this season, but they never run up against the Never Dies. They are the stuff.

A large carload of redwood, shingles has arrived here from Furdale, Wash., for the firm of Meadley & Poe. Say, those boys are selling lots of lumber.

Wm. Rosey and family have moved to Gordonville.

Mrs. R. M. Tirmenstein, of Jackson, visited friends and relatives here.

Some of our neighbors have to haul water, others are digging wells. Let us have a public well. Farmers are bringing in their new wheat, but they will have to have rain if they get any foxtail hay.

Chris Gross has set the stakes for his new building. The foundation will soon be laid.

### AMOS AXELTREE.

#### MILLERVILLE.

July 23.—Permit me a little space in your honorable paper and I will reply to Bill Doogan of Kurreville. This is my first time in life to reply to a falsehood in the columns of a county paper. Now, concerning the truck I played on the board of directors at Kurreville, for my part I fail to see any trick at all. I will give a short detail of this occasion. My school closed on a rainy day, and I told two of the directors that I would not leave the house dirty, and that I would on the next day sweep the house and fill out my term report and deliver them to the district clerk. My little boy being very sick I had no time to sweep the school house, so I went to the clerk and presented my report. He demanded two reports. I had no time then to make a second report, so the clerk permitted me to make it at home and met me the next day at Kurre Bros. store and we finished transacting our business. Being in a hurry on account of the illness of my boy I forgot to give him the key. Then while raking weeds off of a piece of clover at Mr. Hartle's I lost my knife and the school house key. After the school meeting I went to see the same board of trustees and told Mr. Riehn that I had lost the key. Mr. Doogan says he was informed that I kept the key, and after they would not employ me that I claimed I lost the key, hinting that I tried to force the board to employ me by keeping the key. I don't care who started this, whether it was Bill Doogan or any one else, he is an infamous liar and is no part of a gentleman, or else he would not try to do a man injury through the columns of a newspaper. I know Mr. Doogan and if it is necessary will publish what I call a trick on him.

**THE HOME GOLD CURE.**  
An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and ineffectuals. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! Children cure your fathers! This remedy is in no sense a nostrum but it is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "Home Gold Cure" is sold at the extremely low price of one dollar, thus placing within reach of everybody a treatment more effective than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of one dollar. Address Dept. A 813, Edwin B. Giles & Co., 2330 and 2332 Market street, Philadelphia, Pa.

All correspondence strictly confidential.

**"NERVE WASTE."**  
One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast mass of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nerve impairment."

The book is \$1, by mail, postpaid. One of the most interesting chapters—chapter xx, on nervines and nerve tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, The Pacific Pub. Co., Box 2658, San Francisco.
